## EDUCATION

### Carnegie Mellon University

Pittsburgh, PA | 2016 - 2020

B.S. in Psychology

Minor in Human-Computer Interaction

## EXPERIENCE

### Teaching Assistant - CMU HCII

Pittsburgh, PA | Spring 2020

Provided Javascript troubleshooting guidance for students in the course, Designing Human-Centered Software.

### Product Design Intern - Barbarian

Manhattan, NY | Summer 2019

Designed, prototyped, and usability tested a product to reduce usage of plastic within an office space. Prototyped and proposed a mobile environment for an existing tablet app.

### UX Designer - CS Academy

Pittsburgh, PA | 2019 - Present

Designed, prototyped, and usability tested a new onboarding experience and an accessibility mode for an online interactive computer science learning tool.

### UX Researcher - CMU HCII

Pittsburgh, PA | 2017 - 2018

Worked with the SCIPR team to design a game board for a game designed to increase students' curiosity. Conducted weekly user tests and identified and implemented ways to improve the user's game engagement, such as color and script.

## LEADERSHIP
